

Chapel Half Night of Prayer - Friday 5th February 2021 - 6pm to midnight

Welcome. Please come and stay and pray for whatever portion of the night you are able.

During the evening, please feel free to pray for whatever God would lay on, or stir in, your heart, mind and spirit. There is a whiteboard available for you to write down anything that you believe the Spirit is prompting you to record. Sometimes, those thoughts that at first seem quite random, actually begin to connect with what God is saying to others and a theme or picture begins to emerge as God speaks to and through His people. Remember, the most important thing is that we slow down... take time to listen to God... and then respond to Him.
